"That Hat Becomes You"

Significant expression—"becomes you."

The right hat must not only fit the head; it must fit the lines of face and figure—must be a becoming expression of your personality.

The hat is the frame that sets off the picture of the outdoor man.

In our complete line of

Guyer Soft Hats

Spring 1909

every one is perfect in style and quality. The Guyer Hat is the hat that retains its trim look of newness to the end.

And among them is the one hat that best "becomes you."

Webster's Universal Dictionary

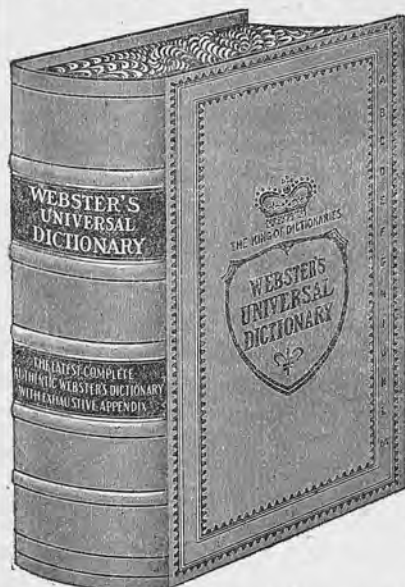

AND 1909 ATLAS OF THE WORLD

The Only Completely New Webster Dictionary Issued Since 1890

50,000 New Words. No "Supplement." No Added Words

A Place for Everything and Everything in Its Proper Place

Set from New Type. Printed from New Plates. Re-edited Throughout

This work is **Not** a reprint, and is **Not** a photographic reproduction. It is the Most Essentially New Webster's Dictionary issued since Noah Webster's Own Immediate Work.

Insist upon the "Universal" and Get the "Universal" the Very Best.

The One Great Dictionary by Which all Others are Measured

Endorsed by State Superintendents, Supreme Courts, the Press, Clergy, and People Everywhere. (Send for testimonials)

A Modern 1908 Gazetteer of the world.

A Dictionary of Authors (Revised to 1909.) A department in no other Webster.

A Dictionary of Noted Names in Standard Fiction, Legend, Mythology, Etc., serving as a key to literary allusions.

A Dictionary of Foreign Words (translated), Latin, Greek and all Modern Languages.

A Pronouncing Dictionary of Greek and Latin Proper Names. (A valuable scholar's assistant)

A Dictionary of Abbreviations and Contractions. Modern usage.

A Pronouncing Dictionary of Biography, Revised to Nov. 15, 1908.

Signs and Symbols.

Marks Used in Proofreading.

Values of Standard Foreign Coins.

A List of Amended Spellings, Recommended by the Philological Society of London and American Philological Association.

A Department of Faulty Diction. (which no other Webster ever contained.)

A Complete Atlas of the World, 64 Beautiful Maps, printed in colors. (Another valuable feature not found in any other Webster.)

2207 PAGES, 2500 ILLUSTRATIONS, MANY NEW, EXQUISITELY COLORED PLATES.

CAUTION—This Dictionary is not published by the original publishers of Webster's Dictionary or by their successors.

Bear in mind that this dictionary is not published by the Old Firm whose latest product is the "International" now nineteen years old and quite obsolete. The firm now publishing this work is one of the Largest in the World, whose daily output almost equals the Entire First Edition made Originally by Noah Webster, while every week sees More Books Printed, Bound and Shipped from this one establishment than the total sale of Webster's up to the death of the illustrious author. Never in the history of the publishing business has there been a book produced which contained such varied and complete information as is found in Webster's Universal Dictionary. It is the most modern of all books of reference and definition. Copyrighted 1909. It contains 25,000 of the latest words and terms not found in Webster's "International" (including the annoying supplement in the misleading so-called "1909 edition" which book is printed from 1900 plates, and 50,000 words not in the "latest" so-called, "thoroughly revised" "International" which was issued in 1890, but offered to you now as "new."

Send for twenty-four page sample book, with maps. Special introductory offer, including marked reduction and little-at-a-time payments. We will send you a beautiful colored plate "Birth Stones," and a full-page fac-simile of Noah Webster's own handwriting for the first Webster. **ALL FREE.**

The "Dixie" Envelope Moistener

Does away with licking envelopes and stamps. All of the metal parts are of brass, heavily nicked. No leakage of water, always satisfactory, sanitary and will last for years.

From GEYER'S STATIONER, New York, June 10, 1909

Although the "Dixie" envelope moistener, manufactured and sold by the "Dixie" Envelope Moistener Co., of Westerly, R. I., has only recently been placed on the market, all of the moisteners have proven very satisfactory. The pear-shaped glass container holds the water, and at the smaller end is the distributing pad, made of felt, which retains an even degree of moisture at all times, and yet cannot leak, leakage being prevented by the partial vacuum formed in the container. The felt tip can be renewed when worn, insuring the durability of the moistener. The "Dixie" is extremely simple yet thoroughly efficient, supplying a need which is generally felt for a satisfactory moistener at a moderate price.

DIRECTIONS

To fill the "Dixie" Moistener remove the metal cap, and thoroughly wet the felt; then fill the glass bulb completely full of water and screw on the cap tightly making an air-tight joint. The cap should NEVER be loosened or removed except to fill the glass, which should be done when half of the water is used.

Ask your stationer, or mailed prepaid for 50 cents.

Marlin

THE snow and rain, rushes and sand inseparable from duck and goose shooting never bother the hunter who is using a *Marlin* Model 19 12 gauge repeating shotgun, the best all-around gun in the market.

The ejection is from the side (an exclusive *Marlin* feature) and the closed breech bolt covers the action keeping out all foreign matter which so often clogs repeating shotguns.

The *Marlin* automatic safety prevents the accidental opening of the action when firing, and holds the breech shut until after explosion in cases of hang-fire; the solid top of frame is always a protection between your head and the cartridge.

The man who loves a gun needs the 1907 *Marlin* Book. It is full of gun information, has the answer to every gun question, contains 136 pages of live matter. FREE for 3 stamps postage.

Tabard Inn Library

Do you like to read the new books of Fiction?
By joining the TABARD INN LIBRARY you can get the book
you want when you want it long before it is obtainable elsewhere.
Buy the first book and the ownership of one book makes you a
member. None of the books are soiled or damaged, as every one
is cased and they circulate among a class of people who take care
of a book.

This book and case is the only identification
required to use the service throughout the world.
There are thousands of stations all over the United
States, Canada and Great Britain. Once you
own a book it is your own property, but you
can exchange it for another as often as you like
for five cents, no matter how long it has been out.
No fines or dues; no rules or red tape. Come
in and let us explain it fully.

The Ideal Vacuum Cleaner

(Fully Protected by Patents)

Or by Electric Motor, at a cost of 2 cents per hour, Price \$65.00 | Operated by hand, puts no tax on the strength, Price \$25.00

"IT EATS UP THE DIRT"

Literally sucks out all the dust, grit, germs, moths and eggs of vermin that are **on** the object as well as **in** it—gobbles them down into its capacious maw, never to trouble you again.

This machine places in your hands a method of cleaning carpets, rugs, curtains, upholstery, wall decorations, etc., that hitherto has been limited to the very rich. It does exactly the same work as the Vacuum Cleaning systems that cost from \$500 up—and **does it better and with more convenience.**

The Ideal Vacuum Cleaner is the perfection of the Vacuum Cleaning principle

OPERATED BY HAND

Weights only about 20 pounds. Anybody can use it. Everybody can afford it. Compared with sweeping it is **ease itself.** It is absolutely dustless. Every machine guaranteed.
